Clitheroe Royal Grammar Sixth Form: Transition Pack

Welcome to the Geography Department

We look forward to meeting you and welcoming you to the Sixth Form.

This Transition Pack contains information to support your transition from GCSE to A Level study.

Please read all the documents ready to begin Year 12:

- What Independent Learning looks like in Geography
- Human Geography – Introductory Task
- Physical Geography – Introductory Task

✓ **Read the Subject Information Sheet** which is available here:
CRGS Sixth Form Subject Sheet - Geography

✓ **Download the exam board specification** which is available here:
WJEC Eduqas A Level Geography

✓ **Read the section called 'Summary of Assessment'**, focusing on the A Level content.

✓ Some of these resources will become more useful when you have moved further through the course, such as the A Level specification, so store them where you can revisit them over the next 2 years.

✓ Don't worry if some of the work sounds challenging. A Level work is more difficult than GCSE work after all. Your teachers will be supporting you through this transition. Please talk to us if you are unsure about any aspect of the course.

We look forward to seeing you soon.

Miss Chloe Taylor, Head of Learning – Geography

Clitheroe Royal Grammar Sixth Form: Transition Pack

A Level Geography
Introductory Task – Tectonic Hazards

Please complete this task ready to begin Year 12.

Visit the Eduqas Blended Learning page for Tectonic Hazards here:

https://d3kp6tphcrvm0s.cloudfront.net/ebl21-22_2-5

The first lesson is **Tectonic Processes and Hazards**.

Work through the different parts of the lesson, looking at information on the layers of the earth and the plate margins. You move through the lesson, by clicking on 'Next' in the bottom right corner. **Stop** when you get to the page that is titled:

Global distribution of tectonic hazards

You don't need to complete anything on this page, yet.

This work should take you around 30 minutes maximum.

Bring any notes that you have made with you, ready for your first Geography lessons. We will use this as chance to talk about this topic. Don't worry if it is not a topic that you have studied before.

We look forward to seeing you in September!

A Level Geography

Introductory Task – Glaciated Landscapes

Please complete this task ready to begin Year 12.

Visit the Eduqas Blended Learning page for Glaciated Landscapes here:

https://d3kp6tphcrvm0s.cloudfront.net/ebl21-22_2-2

The first lesson is **The operation of a glacier as a system**.

Work through the different parts of the lesson, looking at information on the layers of the earth and the plate margins. You move through the lesson, by clicking on 'Next' in the bottom right corner. **Stop** when you get to the page that is titled:

Check your understanding

Don't move on to this page

The glacial budget, mass balance and equilibrium and feedback

You don't need to complete anything on this page

This work should take you around 30 minutes maximum.

Bring any notes that you have made with you, ready for your first Geography lessons. We will use this as chance to talk about this topic. Don't worry if it is not a topic that you have studied before.

We look forward to seeing you in September!
